

# ROT-FREE DOOR FRAMES BUILT TO LAST.

## **SOLID HARDWOOD SUBSTRATE**

The bottom block is 10" of yellow poplar that cuts smoothly and doesn't tear.

## **PENETRATING WOOD PRESERVATIVE**

Water repellent preservative that deeply penetrates the wood for long-lasting protection.

## **PROPRIETARY WATER-RESISTANT PRIMER**

Primer dries hard and creates a protective shell with excellent coverage for smoother paint application.

## **PRIMED AND POLYMER-SEALED DADO**

Dado is fully primed and protected with a polymer sealant, and a fluted PVC insulator that provides superior protection at the most vulnerable part of the door frame.

## **LIMITED LIFETIME WARRANTY**

A best-in-class limited lifetime warranty for long-term protection and peace of mind.

Proudly designed and manufactured in the USA.

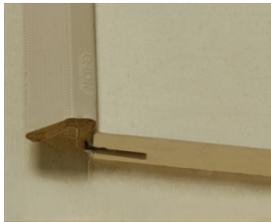

# ARMALAST™

by Young Manufacturing

## WHY ARMALAST IS BUILT TO LAST.

Armalast is the industry's premier rot-free exterior door frame with layers of protection against water and ambient moisture. Each frame is constructed with strong yellow poplar fiber, penetrating wood preservative, proprietary water-resistant primer, and polymer sealant. Traditional wood door frames warp, swell, and rot when exposed to the elements that Armalast is designed to withstand. Get the beauty of a solid wood product and performance superior to composite material. That's what we call wood perfected. Armalast door frames are backed by a best-in-class limited lifetime warranty.

Primed and  
polymer-sealed dado

Strong yellow  
poplar fiber

Water-resistant  
primer

Fluted bottom  
insulators

## ARMALAST FEATURES

- ★ Poplar fiber is harder and stronger than pine  
Easier to cut and less likely to tear  
Not prone to raised grain
- ★ Fully sealed and primed dado
- ★ First finger joint is above water and snow line  
Well-designed structural integrity
- ★ Polymer coating seals exposed ends of fiber  
Won't swell or wick water
- ★ Fluted bottom insulators that keep ends out of  
water or moisture
- ★ Finish or paint just like wood  
Remains temperature stable even when  
painted black
- ★ Full warranty  
Limited lifetime protection on entire product
